PROJECT WORKSPACE

Your central hub to manage every aspect of your project.

REAL-TIME OVERVIEW

Live summary of snags, inspections, progress and overdue items.

SMART ANALYTICS

Interactive charts to track performance and trends easily.

QUICK ACTIONS

Create snags, upload drawings, schedule inspections and more.

RECENT ACTIVITY

Stay updated with all important actions across the project.

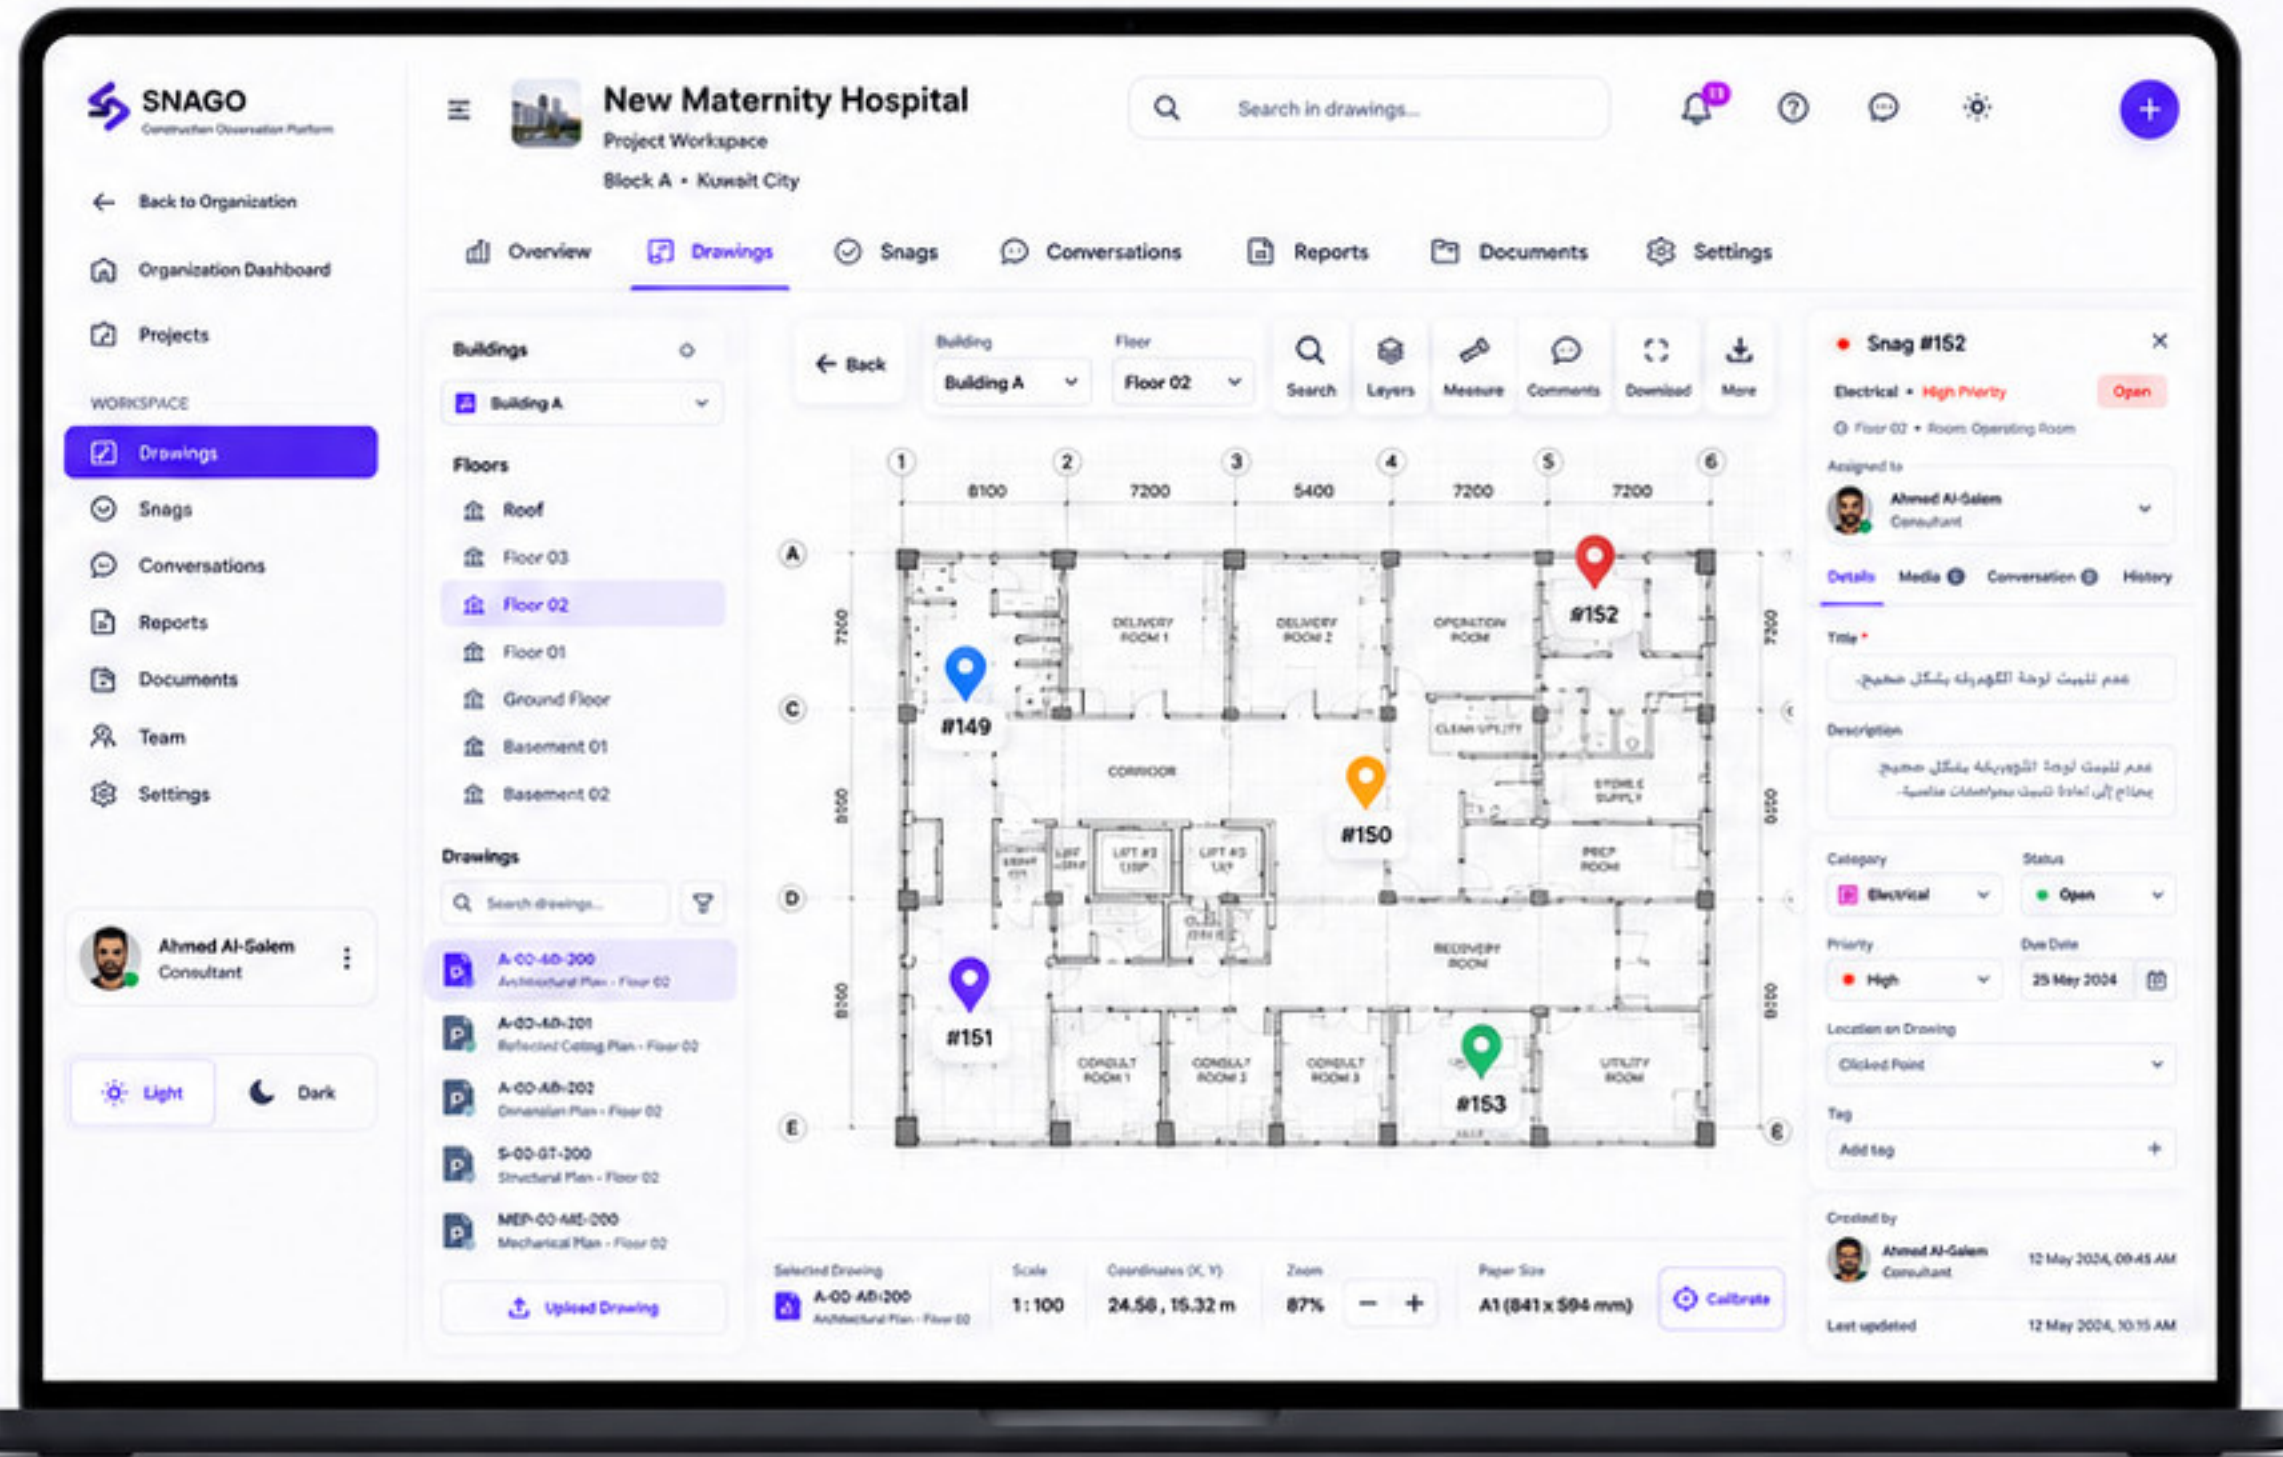

PROJECT INFORMATION

All project details, timeline and progress at a glance.

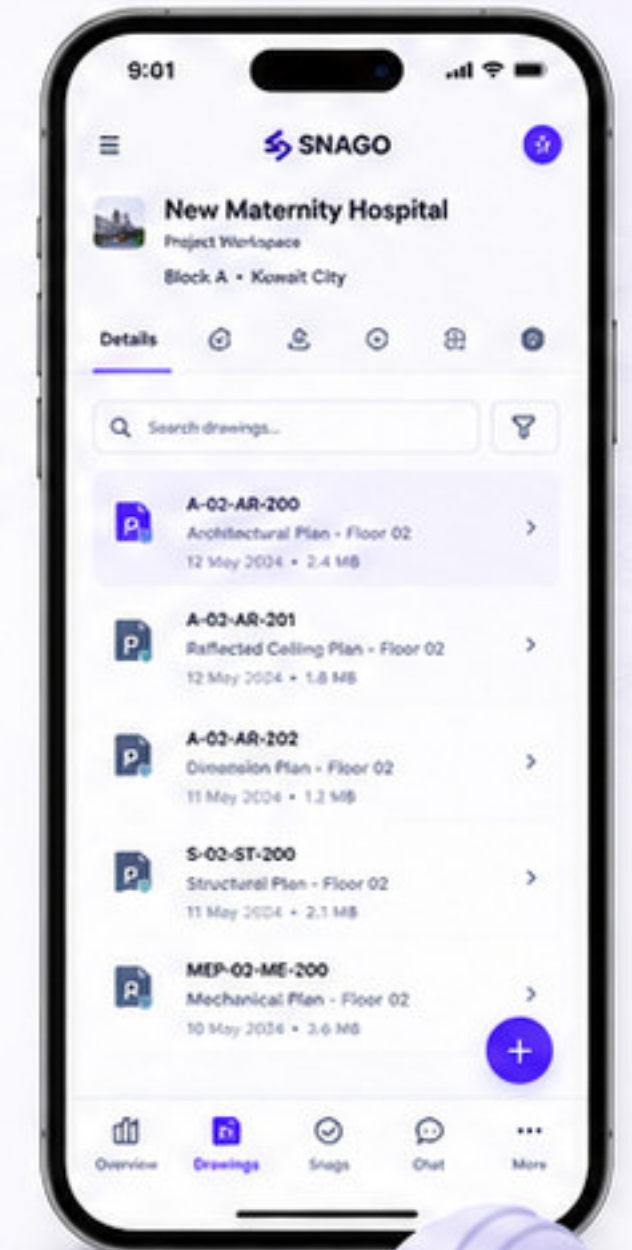

Organize drawings, add smart pins, and manage project information with precision.

DRAWING WORKSPACE

Smart drawing management built for accuracy and efficiency.

- ORGANIZED DRAWINGS**
Manage drawings by building, floor and category.
- SMART PINS**
Add precise pins with details, photos and due dates.
- MEASURE & MARKUP**
Measure distances, areas and add comments.
- LAYERS CONTROL**
Show or hide layers to focus on what matters.
- VERSION & HISTORY**
Track changes and access previous versions.
- EASY SHARING**
Share drawings and updates with your team.

1 LOGIN
Secure login for every role with personalized access.

2 SELECT ROLE
Choose your role to access your workspace.

3 ROLE DASHBOARD
Each role gets a custom dashboard and features.
